

# BEOPEN

BOOSTING ENGAGEMENT OF  
SERBIAN UNIVERSITIES IN OPEN SCIENCE

Erasmus+

# The actors in Open Science

# BE·OPEN background and objectives

# Government BE·OPEN

- sketchy OS strategic framework
- no clear OS policy nor legislative
- irregular evaluation of research output
- inconsistent support for publishers

- ✓ **UNIFIED NATIONAL PLATFORM FOR OS**
- ✓ create national OS policy framework
- ✓ develop national OS standards
- ✓ generate OS evaluation indicators

# BE·OPEN background and objectives

# Academic institutions BE·OPEN

- only 3 repositories in OpenDOAR
- uncoordinated and narrow initiatives
- incompatible archiving standards
- inconvenient technical support

- ✓ **UNIFIED NATIONAL PLATFORM FOR OS**
- ✓ develop and adopt institutional policies
- ✓ interoperability of standards and initiatives
- ✓ mandatory deposit of scientific papers

# BE·OPEN background and objectives

# Researchers BE·OPEN

- advantages of OS not fully recognized
- OA misperceived (predatory journals)
- limited accountability for research
- output in arts & SS&H often overlooked

- ✓ **UNIFIED NATIONAL PLATFORM FOR OS**
- ✓ promotion and popularization of OS
- ✓ education for OS implementation
- ✓ open data, methodology, education

# BE·OPEN background and objectives

# Society & industry BE·OPEN

- unsatisfactory transfer of knowledge
- low research impact on society
- poor visibility of patents, social research...
- insufficient transparency of funding

- ✓ **UNIFIED NATIONAL PLATFORM FOR OS**
- ✓ facilitate the search for experts and partners
- ✓ facilitate the search for funders
- ✓ socially responsible research

# **BE·OPEN team**

**Six state universities from Serbia**

**Serbian Ministry of education, science and  
technological development**

**Leiden University, Netherlands**

**Goldsmiths, University of London, UK**

**University of Udine, Italy**

**National Technical University of Athens, GR**

# BE·OPEN taking off...

Inclusion of UNS PhD repository into **Networked Digital Library of Theses and Dissertations** (Global ETD Search) and **ProQuest**

**Repository of master's theses** developed at the Faculty of philosophy in Novi Sad

**Implementation of SAPA (Synthetic Aperture Personality Assessment) technology at the University of Novi Sad**
