DSPACE-CRIS at the University of Kragujevac

- The rack mount server Lenovo UOCG6G1 Server System x3650, 2.1 GHz, 144GB TruDDR4 240Mhz LP RDIMM, 4x 1.2 TB 12Gbps SAS 2.5", 750W, was deployed at the University Computer Center
- It will be used as a base platform for the repository of the primary research results based on DSPACE-CRIS. The public access domain scidar.kg.ac.rs was provided by AMRES staff.
- We deployed two separate instances of DSPACE-CRIS, the **production instance** and the **test instance**.
- The **production instance** was installed and customized using the manual provided by Branko Milosavljević UNS. It will reside at <http://scidar.kg.ac.rs>.
- **The test instance** was also deployed using the same manual, but with additional customizations performed by our own staff.

- **The customization of the DSPACE-CRIS user interface**, including theme and branding has been performed at <http://scidar.kg.ac.rs>. The responsible person for the UI customization is Mihajlo Đorđević, MSc student at the Faculty of Science, UNIKG.
- **The initial import of the publicly available material concerning University of Kragujevac was carried out.** The sources of these imports were Nardus and Scopus repositories. This part of work was performed by Prof. Dr. **Miloš Ivanović** (Faculty of Science), Doc. Dr **Ana Kaplarević-Mališić** (Faculty of Science) and **Mihajlo Đorđević**.
- The abovementioned team discussed the introduction of the procedures for mandatory publication of the primary research results with **Vesna Abadić**, the head of the University Library and **Prof. Dr. Miroslava Petrović-Torgašev**, the vice chancellor of the University of Kragujevac.

The screenshot shows the DSPACE-CRIS interface for the University of Kragujevac. The browser address bar displays `scidar.kg.ac.rs:18080/jspui/#group-center-info-popover-content`. The navigation menu includes Home, Communities & Collections, Research Outputs, Researchers, Organizations, Projects, and Help. The main content area features the University of Kragujevac logo and a search bar with the text "Search term...". Below the search bar, there are three main categories: "People" with 698 items, "Repository other entities" with 75 items, and "Publications, books, articles..." with 626 items. Each category has a corresponding icon and a button to "Explore". On the right side, there is a "Recent Submissions" section with a list of four items, each with a title, a "Type" label, and a "PhD thesis" label. At the bottom, there are two sections: "Most Viewed" and "Most Downloaded", both displaying "Data is loading. Please come back in few minutes".
